REMARKS			

25X1X

On 27 May 1953, there were no changes in the facilities at Leipzig-Mockau airfield. [redacted] glider training was practiced twice per week by the "Deutsche Hochschule fuer Koerperertuechtigung" (school for physical training). There was no air activity with gliders at 9 a.m. on 27 May. The chief of the glider training course stated on 26 June, that training was temporarily discontinued.

Comment: The report shows that no changes occurred at the field [redacted]. The discontinuance of glider training possibly is connected with the restriction of preilitary training in East Germany. The airfield is not occupied by a Soviet air unit.
